

Approval in Principle Statement

Office: Lloyd's Register EMEA, Kingswells Causeway, Prime Four Business Park, Kingswell, Aberdeen, AB15 8PU, UK

This Approval in Principle Statement is issued to Maridea B.V, Oude Delft 207, 2611HD Delft, The Netherlands

Project Asset(s): Moray Base **Floating Offshore Wind Concept Support Structure**

Lloyd's Register has reviewed and has approved in principle (AiP) the concept design details submitted for the strength and the stability of the Moray Base wind turbine support structure design for one example location (Central North Sea) for 25-year lifetime, without the necessity of intermediate dockings.

It is based on the Design Appraisal Document listed in the table below, and the codes and standards listed therein, and accompanying AiP letter (ref O-36896, dated 06 July 2022):

| | | |
|----------------------------------|---|--------------|
| Design Appraisal Document | : | 0-36897 |
| Revision | : | 02 |
| Date | : | 06 July 2022 |

Changes in the design of the project asset(s) are to be approved by Lloyd's Register EMEA.
